**“Carolyn Wonderland is the real deal. She’s an amazing guitar player and damn, can she sing.”**

**- Los Angeles Times**

**“A dollop of Janis Joplin, a slice of Stevie Ray Vaughn , and a big load of soulful individuality. That’s Wonderland, a seething-hot Texas singer-guitarist. And she can write, too. ”**

**- Boston Herald**

**“Carolyn Wonderland is a Texas treasure of a blues/country/folk singer and songwriter. The Austin-area musician is also a powerful and original guitar player, who just happens to be a favorite of Bob Dylan.”**

**“Throaty Texan Carolyn Wonderland knows her way around six strings, but it’s her soulful, near-contralto voice that clinches the deal. Wonderland’s a dynamic performer with a social conscience and her new record, Miss Understood, is a solid example of down-home soul played by a woman who’s got it in spades. ”**
